*The cover photograph was taken by Mary Lloyd Ireland, MD, a member of the NATA Research and Education Foundation Board of Directors and team physician for the University of Kentucky in Lexington. Taken during a football game, the photo shows UK Head Athletic Trainer Al Green, ATC, and Associate Athletic Trainer Sue Stanley, ATC, informing senior tight end Matt Lucas of his season-ending knee injury. Says Green, "Dealing with the psychological and emotional aspects of injuries is an important role of the athletic trainer."*
